THE COMPLETE MEN'S AND WOMEN'S COLLECTION

# STYLE UP OR DOWN FOR ANY OCCASION

The polo shirt is a versatile wardrobe essential that adapts to any occasion. Dress it up with tailored trousers and a blazer for a polished, professional look, or keep it casual by pairing it with chinos or jeans for a more relaxed vibe. For a modern, smart-casual approach, add an overshirt and sleek sneakers – perfect for contemporary workplaces or after-hours events.

With the right styling, one polo can take you from business meetings to social gatherings effortlessly. It's all about how you wear it. **How will you style yours?**

OF STRETCH DELUXE

ENJOY THE BENEFITS

LASTING ELEGANCE  
IN OUR **STRETCH**  
**DELUXE**

We believe that true quality lies in the details. From carefully selected fabrics to refined design elements, every choice we make is about elevating style, comfort, and durability.

Our **Stretch Deluxe** collection, crafted from a blend of combed organic cotton and elastane, offers a perfect balance of softness and shape retention. Unlike 100% cotton, which can lose shape throughout the day, our blend maintains its fit while ensuring a luxurious feel. The combed cotton process removes impurities and short fibres, leaving only strong, long-staple fibres that enhance durability and comfort.

Every aspect of our designs is thoughtfully curated – from the structure of collars and sleeves to functional details like buttons. This meticulous attention to detail ensures that Nimbus' products stand out with a unique blend of refinement, innovation, and superior craftsmanship.

# CERTIFIED ORGANIC COTTON

Organic cotton is cotton grown without the use of synthetic pesticides, artificial fertilisers, and other toxic chemicals. By law, organic cotton plants cannot come from genetically engineered seeds, and strict regulations dictate how cotton must be grown to be certified organic.

## CHANGING TO

We are continuously working to improve our organic labelling so that our products comply with an even better, stricter, and more comprehensive standard called OCS.

## OCS

The Organic Content Standard (OCS) is an international, voluntary standard that provides chain of custody verification for materials originating from a farm certified to recognised national organic standards. The Organic Content Standard (OCS) verifies organically grown content and tracks it from source to final product.
